LORITA WINS

The best thing about the Lorita baseball team is the fact that though it generally wins it doesn't have allbills when it loses. Sunday the game was all Lorita. Yelovich pitching a fine game and having fine support. The final score was 10 to 2 in favor of Lorita. As their opponents, the Pacific Electric team are considered a strong team, the boys deserve that much more credit.

SCOTT WINS 'CUP

Bascom J. Scott, proprietor of the Torrance Electric shop, was runner-up in the Fox Hills Invitational golf tourney and was presented with a silver cup. It was learned this week, Scott lost the championship cup Sunday, four up and three to go.

Chevrolet has struck a popular new note in motor-car styling

Many factors have contributed to the remarkably widespread popularity of the new Chevrolet Six. Among these are smooth performance, low price, matchless economy, exceptional riding ease and driving comfort. But no feature has been more strikingly evident in the enthusiastic public reception of the car than its smart new style.

Fisher Body craftsmen, with their background of fine-car designing, have made this new Chevrolet an exceptionally attractive automobile. Study it from any angle and you find it extremely pleasing. Look at it from the front and you are impressed by the modish ensemble of deep radiator, large headlamps and arched tie bar—all gleaming in rich chromium plate. Viewed from the side, the long hood, low-swing body lines, sweeping fenders and massive wire wheels strikingly suggest the car's fleetness and power. And the appeal of Chevrolet's beauty is made more pronounced by the fact that all models are available in a variety of colors.

Interiors, too, are unusual in every way. The upholstery is carefully tailored. Seats are roomy, deeply cushioned and invitingly soft. And the interiors are tastefully appointed.

In fact, the new Chevrolet Six is such a thoroughly fine-looking automobile that it has become a very popular choice with every type of buyer. You find it not only the smart family car, but the smart personal car as well—a worthy companion to the expensive automobiles of the two- and three-car household.
